ALTON EDWARDSVILLE BELLEVILLE HIGHLAND JERSEYVILLE COLUMBIA CARROLLTON

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees Holiday Shores Sanitary District Edwardsville, IL 62025

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of Holiday Shores Sanitary District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Holiday Shores Sanitary District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of Holiday Shores Sanitary District, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Holiday Shores Sanitary District, and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Holiday Shores Sanitary District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- · Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, and design and perform audit procedures responsive to those risks. Such procedures include examining,
 on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 Holiday Shores Sanitary District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Holiday Shores Sanitary District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that budgetary comparison information and related notes on pages 23-24 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the information listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

NOTE 1. GENERAL STATEMENT AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Holiday Shores Sanitary District provides water and sewer to approximately 1,200 users in the rural area surrounding Holiday Shores Lake. The District is located in North West Madison County, Illinois, and was established by the County Board on October 4, 1972 under the Sanitary Act of 1936. The basic operations are financed by charging fees for water and sewer. The District is also supplemented by local tax levies and federal and state grants. Operations are under the direct supervision of three appointed trustees and a district clerk.

The accounting methods and procedures adopted by the Holiday Shores Sanitary District, conform to generally accepted accounting principles as applicable to governmental entities. The following is a summary of the more significant policies.

REPORTING ENTITY

The Holiday Shores Sanitary District is the basic level of government, which has financial accountability, and control over all activities related to sanitary district. The District receives funding from local and state government sources and must comply with the requirements of these funding source entities. The District is not included in any other governmental "reporting entity" as defined by the GASB pronouncement. The District has decision making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations and primary accountability for fiscal matters. In addition, there are no component units included in the District's reporting entity.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The statement of net position and the statement of activities display information about the District, the primary government, as a whole. These statements distinguish between activities that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared.

The government-wide statement of activities presents a comparison between expenses and program revenues for each segment of the business-type activities of the District and for each governmental program. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs that are restricted to meeting operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District.

Net position should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

NOTE 1. GENERAL STATEMENT AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND FINANCIAL STATEMENTS

Fund financial statements report detailed information about the District. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The following Funds are used by the District:

1. Governmental Funds

General Fund - This fund is established to account for resources devoted to financing the general services that the District performs for its citizens. General tax revenues and other sources of revenue used to finance the fundamental operations of the District are included in this fund. The fund is charged with all costs of operating the government for which a separate fund has not been established.

Proprietary Funds

Enterprise Funds - These funds are established to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

BASIS OF ACCOUNTING

The District uses the modified accrual basis of accounting for the governmental fund types. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Licenses and permits, charges for services, fines and forfeits, and miscellaneous revenues are recorded as revenues when received in cash. General property taxes, self-assessed taxes, and investment earnings are recorded when earned (when they are measurable and available). Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service, prepaid expenses, and other long-term obligations which are recognized when paid. The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP).

All proprietary funds are accounted for using the accrual basis of accounting. The accrual basis of accounting recognizes revenue when earned. Expenses are recorded when incurred. Interest on revenue bonds, proceeds of which are used in financing the construction of certain assets, is capitalized during the construction period net of interest on the investment of unexpended bond proceeds.

<u>Cash</u> - All short-term investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and at the day of purchase, have a maturity date no longer than three months.

<u>Receivables</u> - All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is not expected to be collectible. Estimated unbilled revenues from the water fund are recognized at the end of each fiscal year on a pro rata basis. The estimated amount is based on billings during the month following the close of the fiscal year.

NOTE 1. GENERAL STATEMENT AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF ACCOUNTING (Continued)

<u>Inventories</u> - Inventories of proprietary funds are valued at the lower of cost (first-in, first-out) or market.

Other Assets - Other assets held are recorded and accounted for at cost.

<u>Restricted Assets</u> - Enterprise Funds, based on certain bond covenants, are required to establish and maintain prescribed amounts of resources (consisting of cash and temporary investments) that can be used only to service outstanding debt, customer deposits, and District's capital projects.

Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 10 to 40 years; 5 to 20 years for furniture, fixtures, and equipment; 30 years for water and sewerage plant; 50 years for lagoon and interceptor force main. It is the District's policy to capitalize fixed assets in excess of \$1,500.

Pensions - The District has established an employee deferred pension plan under Section 457 of the Internal Revenue Code. The maximum contribution by each participant may not exceed the lesser of \$22,500 or 33 1/3 percent of compensation. Plan assets are held in trust for the exclusive benefit of participants and their beneficiaries. The District has very little administrative involvement, performs no investing function, and has no fiduciary responsibility for this plan. All amounts of compensation deferred under this plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are solely the property and rights of the participants and are not subject to claims of the District's creditors. Accordingly, those plan assets are not reported as part of these financial statements.

<u>Fund Equity</u> - The unrestricted fund balances for governmental funds represent the amount available for budgeting future operations. The restricted fund balances for governmental funds represent the amount that has been legally identified for specific purposes. Unrestricted net position for proprietary funds represents the net assets available for future operations or distribution. Restricted net position for proprietary funds represents the net assets that have been legally identified for specific purposes.

NOTE 1. GENERAL STATEMENT AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF ACCOUNTING (Continued)

<u>Personal Leave</u> - Employees of the District shall receive personal leave equal to one average work week with pay per calendar year. Personal leave shall be used for personal or immediate family medical, illness, or child care needs; or for family funeral needs; and shall be taken in minimum two (2) hour increments. Personal leave shall be used in major or minor emergency situations only and not in lieu of vacation, with no accumulation.

<u>Vacation</u> – District employees, excluding the General Manager, shall receive one week of paid vacation as follows: One (1) week of vacation during the first year of employment, to be taken only after the first six (6) months of employment; two (2) weeks of vacation each year during the second (2nd) through fifth (5th) years of employment; three (3) weeks of vacation during the sixth (6th) through tenth (10th) years of employment; and, four (4) weeks of vacation each year during the eleventh (11th) year of employment and each year thereafter. The General Manager vacation time is determined on an individual basis.

No more than two (2) years of earned paid vacation may be accumulated and carried forward to any future year(s). All vacation time to be taken by employees must be approved in advance by the District Trustees.

<u>Total Columns</u> - The basic financial statements include a total column that is described as memorandum only. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Interfund transactions have not been eliminated from the total column of each financial statement.

Comparative Data - Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the District's financial position and operations. However, comparative (i.e., presentation of prior year totals by fund type) data has not been presented in each of the statements since its inclusion would make the statements unduly complex and difficult to read.

<u>Net Position</u> - Net position is the difference between assets, liabilities, and deferred inflows. Net position invested in capital assets, net of related debt are capital assets, less accumulated depreciation and any outstanding debt related to the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on their use by legislation or external restrictions by other governments, creditors or grantors.

<u>Use of Estimates</u> - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2. FUND BALANCE REPORTING

According to Government Accounting Standards, governmental fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. Below are definitions of the classifications and how these balances are reported:

NOTE 2. FUND BALANCE REPORTING (CONTINUED)

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories or prepaid amounts. The General Fund has a nonspendable fund balance of \$1,107 as of June 30, 2023.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by an entity, such as restrictions imposed by creditors, grantors, contributors, or law and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specific purposes. The District has no Special Revenue Funds or revenue sources that fall into this category as of June 30, 2023.

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the District's Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The District's Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. There were no committed fund balances for the District as of June 30, 2023.

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the District's Board itself or (b) the finance committee, if applicable, to assign amounts to be used for specific purposes. There were no assigned fund balances for the District as of June 30, 2023.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund has an unassigned fund balance of \$90,890 as of June 30, 2023.

F. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

NOTE 2. FUND BALANCE REPORTING (CONTINUED)

G. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the District has no items that quality for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District only has one type of item that qualifies for reporting in this category, property taxes levied during the current fiscal year but not to be received until the next fiscal year. These amounts are recognized as an inflow of resources in the period that the amounts were budgeted.

NOTE 3. CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of June 30, 2023 are classified in the accompanying financial statement as follows:

| Governmental Funds: | | |
|--|-------------|-----------|
| Cash and Cash Equivalents | \$ | 106,185 |
| Proprietary Funds: | | |
| Cash and Cash Equivalents - Non-Restricted | | 294,231 |
| Cash and Cash Equivalents - Restricted | | 1,372,417 |
| Total Cash and Cash Equivalents | \$ | 1,772,833 |

A. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing short term certificates of deposit and by timing cash flows maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the District's investments to market rate interest rate fluctuations is provided in the following table that shows the distribution of the District's investments by maturity.

| | | Rema | ining Maturity |
|-----------------|---------------------|---------------------|------------------------|
| | <u>Total</u> | 12 Months or less | Greater than 12 Months |
| Savings Deposit | \$ 1,772,733 | <u>\$ 1,772,733</u> | A |
| | \$ <u>1,772,733</u> | <u>\$ 1,772,733</u> | <u>\$0</u> |

NOTE 3. CASH AND CASH EQUIVALENTS (CONTINUED)

B. Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The District's deposits are fully collateralized with securities held by the respective financial institutions in the District's name as of June 30, 2023.

NOTE 4. PROPERTY TAX

Property taxes are levied in August, based on assessed value of property listed as of January 1. Assessed values are an approximation of market value. Taxes are payable in four installments. Madison County bills the taxes and collections are remitted to the County Collector. The County Collector disburses the tax. Property tax levy has been recorded as a receivable, net of any collections received prior to the year end. In addition, the revenue from the 2022 property tax levy has been deferred.

NOTE 5. FUND BALANCE AND NET POSITION

No funds showed deficit fund balances or deficit net position at June 30, 2023.

NOTE 6. PROPERTY AND EQUIPMENT

Capital asset activity for the year ended June 30, 2023 was as follows:

| Governmental Activities: | Beginning Balance | Increases | <u>Decreases</u> | Ending <u>Balance</u> |
|--|----------------------|-------------|------------------|--------------------------|
| Depreciable Capital Assets: Equipment | \$ 3,933 | | | \$ 3,933 |
| Accumulated Depreciation Equipment | 3,933 | <u>\$ 0</u> | <u>\$</u> 0 | 3,933 |
| Net Depreciable Capital Assets | <u>\$</u> 0 | <u>\$ 0</u> | <u>\$</u> 0 | <u>\$</u> 0 |

NOTE 6. PROPERTY AND EQUIPMENT (CONTINUED)

A summary of business-type activities at June 30, 2023 follows:

| Business-type Activities Non-depreciable Capital Assets Land \$ 171,988 \$ 29,539 \$ 29,539 \$ 29,539 \$ 29,539 \$ 20,53 | | Beginning Balance | | <u>Increases</u> | | <u>Decreases</u> | | Ending Balance |

NOTE 7. CHANGES IN LONG TERM DEBT

The following is a summary of the District's long-term debt transactions for the year ended June 30, 2023:

| | Balance | | | Balance | Due Within |
|-------------------------------|---------------|-------------|------------|---------------|------------|
| Direct Borrowings: | June 30, 2022 | Issued | Retired | June 30, 2023 | One Year |
| Proprietary Fund Types - | | | | | |
| I.E.P:A Loan Agreement - | | | | | |
| Water Tower | \$ 274,961 | | \$ 58,474 | \$ 216,487 | \$ 59,945 |
| Carrollton Bank - Water Plant | 2,385,306 | | 269,571 | 2,115,735 | 277,502 |
| Total Proprietary | | | | | |
| Fund Types | \$ 2,660,267 | \$ 0 | \$ 328,045 | \$ 2,332,222 | \$ 337,447 |

The District financed the water tower for \$996,674 through the Illinois Environmental Protection Agency Loan Agreement. The agreement calls for 40 semi-annual payments starting July 31, 2007 with a rate of 2.5%. The final payment is due July 31, 2026.

The District refinanced the water plant through Carrollton Bank on April 14, 2021. The District signed a debt certificate with a maximum principal amount of \$2,721,475. The certificate bears interest at the annual rate of 2.80% and is payable in 36 consecutive quarterly installment payments, principal and interest of \$83,700, with all principal and interest not previously paid to be paid in the 37th quarterly installment payment. The final payment is due June 2, 2030.

The principal and interest payments for the years subsequent to June 30, 2023 for long term debt are as follows:

| Year Ending June 30, | <u>Principal</u> | <u>Interest</u> | Total |
|----------------------|------------------|-----------------|----------------|
| 2024 | \$ 337,447 | \$ 62,338 | \$ 399,785 |
| 2025 | 347,072 | 52,713 | 399,785 |
| 2026 | 356,813 | 42,972 | 399,785 |
| 2027 | 334,335 | 32,957 | 367,292 |
| 2028 | 310,853 | 23,947 | 334,800 |
| 2029-2030 | 645,702 | 23,357 | <u>669,059</u> |
| | \$ 2,332,222 | \$ 238,284 | \$ 2,570,506 |

NOTE 8. RISK MANAGEMENT

Significant losses are covered by commercial insurance for all funds for which the District retains risk of loss. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded coverage for the current year or the prior year.

NOTE 9. <u>NEW ACCOUNTING PRONOUNCEMENTS</u>

The District implemented the following accounting pronouncement for fiscal year ended June 30, 2023:

Effective July 1, 2022, the District adopted the provisions of GASB Statement No. 96, Subscription Based Information Technology Arrangements (SBITAs). SBITAs should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation. GASB Statement No. 96 established a single approach to accounting for and reporting SBITAs by state and local governments. Under this statement, a government entity that enters into an arrangement that conveys control of the right to use an underlying information technology (IT) asset must recognize (1) a subscription liability, (2) an intangible asset representing the entity's right to use the subscription asset, (3) report the amortization expense for using the subscription asset over the shorter of the term of the applicable IT arrangement or the useful life of the underlying asset, (4) interest expense on the subscription liability and (5) note disclosures about the applicable IT arrangement. This statement provides exceptions for contracts that meet the definition of a lease under GASB 87, governments that provide the right to use their IT software to other entities through SBITAs, licensing arrangements that provide a perpetual license, contracts that solely provide IT support services, and short-term SBITAs. The implementation of GASB Statement No. 96 had no material impact on the financial statements of the District for the year ended June 30, 2023.

NOTE 10. SUBSEQUENT EVENTS

Management has evaluated the effect of subsequent events through November 2, 2023. From this evaluation, no events were identified that met the criteria to be classified as a subsequent event subject to disclosure.

HOLIDAY SHORES SANITARY DISTRICT NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2023

Budgets and Budgetary Basis of Accounting:

A. <u>Budgetary Process</u>

The budget is prepared by the Board of Trustees. The annual budget and the related budget hearing are acted upon no later than July each year.

B. Amendments to the Budget

The Sanitary District had amendments to the general fund budget for the fiscal year ended June 30, 2023.

C. Budgetary Basis of Accounting

Budgets are prepared and adopted using the accrual basis method of accounting.

D. <u>Encumbrances</u>

Encumbrance accounting is not used by the Sanitary District.

E. Expenditures in Excess of Budget

No funds had expenditures in excess of the budget for the year ended June 30, 2023.
